

Welcome to our Dental Clinic Roxane Gehl DDS

We provide Met life – TRICARE OCCONUS Preferred Service

Family Restorative, Pediatric, Implantology, Periodontology and Cosmetic Dentistry

Feel at home at our dental clinic who takes pride in both providing the highest quality dentistry and enjoying personalized relationships with our patients.

We have just recently put together this website so that both our current patients and those interested in visiting our dental clinic can acquaint themselves with our office, gather some ideas, and hopefully find answers to some of the more common questions that you may have related to dentistry.

If at any time you have any questions, please don't hesitate to call our office... Mrs. Schneider or Sarah will be more than happy to help you in any way.

Feel free to browse through our website and be sure to give us a call if you have any questions or would like to schedule an appointment. Part of our commitment to serving our patients includes providing information that helps them to make more informed decisions about their oral health needs. This website is a resource we hope you'll find both useful and interesting.

We also have American Red Cross AED / CPR (Greater Carolinas) trained personal, so you can feel safe at all times. We genuinely hope this site is helpful to you in learning more about our practice, dental conditions and treatments, dental recommendations, and more.

We Create Great Smiles
